

Grade 3

25 May – 29 May 2020

Hello Parents and Learners,

We hope that this letter finds you and your family in good health.

Over the last few days the grade three teachers have received a large number of concerns from parents regarding the workload for grade three. Among the concerns expressed were the following:

- Too much work
- Too much work requiring an unreasonable amount of printing
- Learners unable to keep up with the activities

We have taken these concerns into consideration and going forward we have decided to largely reduce the workload which will now include revision only.

We trust you find this beneficial. Remember, our primary concern is always your precious little babies whom we miss very much. We are always here to assist.

Warmest regards
The Grade Three Teachers

POW

The Octopus and the Rat

There is a tongan myth about a rat that was travelling in a wooden canoe during a bad storm. The rat yelled to the octopus, hey Octopus, can you help me If you get me to land, I'll reward you with payment. The octopus agreed and the rat rode securely on his head to the dry land. As soon as the rat reached the sand, he ran off into the forest without paying the octopus. Wait! Come back, the octopus cried, but the rat never returned. to this day, the octopus has always hated the rat

Quotation marks are used to show what someone said. The speech marks go around what is being said.

Proofread the paragraph. This paragraph needs three capital letters, one full stop, two sets of quotation marks, and one question mark.

Addition Bracket Method

Example:

$$\begin{aligned}126 + 134 &= (100 + 100) + (20 + 30) + (6 + 4) \\ &= 200 + 50 + 10 \\ &= 260\end{aligned}$$

1. $116 + 157 =$
2. $135 + 139 =$
3. $146 + 176 =$
4. $154 + 102 =$
5. $104 + 130 =$

Now try and solve the following word problems using the bracket method. (Remember to write your your answer in a sentence.)
