

# Mathematics Homework

## Grade 6

### In the mid-terms break

Due: Tuesday 14/04/2020

Dear learner,

This is the work to do during this long mid-term break.

Should the break be longer, further contingent work will be given.

You should keep your DBE workbook at home and return to the school your Maths book. Relevant pages of the DBE workbook are here attached, for those who do not have it at home, but left it in my class.

I'm looking forwards to seeing you all at the beginning of Term 2.  
Stay well.

*Mrs Chen*

*16/03/2020*

#### Tasks from the **DBE Gr.6 Mathematics Workbook:**

	Pages	Tasks
1	pages from 72 to 75	All the tasks: number patterns
2	pages from 76 to 83	All the tasks: whole number; counting, rounding off.

#### Tasks to do in a separate piece of paper from your Exam pad:

	Type of tasks	Tasks
3	Finishing Term 1 classwork on number pattern	Refer to the <b>worksheet</b> given you in class and complete all the tasks in Activity 1, 2 and 3 (herein attached for those who do not have it).
4	Calculations	Calculate these sums with the column method for addition and subtraction, the vertical method for multiplication and the long division. Show your calculations. a) $271\ 053 + 94\ 599$ b) $105\ 016 - 46\ 376$ c) $2\ 378 \times 26$ d) $9\ 345 \div 23$
